Dear Dr. Martin,

In recognition of your time and commitment to the Transitions Pro Forum, a donation has been made on your behalf to the Students of Vision Scholarship program.

The Students of Vision scholarship program supports the next generation of optometrists, opticians and paraoptometricians who will play a major role in helping to establish healthy eye habits and preserving healthy sight in patients.

This donation will allow us to award additional scholarships, and send more opticianry students to the 2011 ABO-NCLE National Education Conference where their winning entries will be featured in a poster session.

Thank you for your continued support and we look forward to working with you in the future.

Best regards,
